## County of Lake Inspection Sticker Application Invasive Species Inspection Program

### Affidavit of Compliance with County of Lake Invasive Species Inspection Program

- I understand the serious implications of the spread of certain invasive species, such as quagga and zebra mussels, into Clear Lake and other waterbodies in Lake County and the State of California.
- I understand that such species can cause extensive environmental and economic damage that could include a decline in the fisheries.
- I realize it is unlawful to transport these invasive species within California including into Lake County.
- I understand such invasive species can be transported by watercraft and recreational equipment of all types.
- I understand it is my sole responsibility to ensure such watercraft or other items in my possession are properly screened, inspected, and/or decontaminated as needed prior to being introduced or re-introduced into any waterbody.
- I understand that should I fail to properly provide proof of such required screening, inspection, and/or decontamination, I cannot use my watercraft or equipment in waters of Lake County.
- I understand failure to provide such proof of screening, inspection, and/or decontamination may result in fines, penalties, and/or criminal charges.
- I understand that a complete inspection and possibly decontamination of watercraft may be required at my expense to ensure compliance with local ordinance(s).
- I pledge to help keep invasive species out of Lake County waters.
- I agree to follow recommended cleaning procedures prior to launching or re-launching into Lake County waterbodies.
- I understand that disposing of live bait or bait waters into Lake County waterways is strictly prohibited.
