

2017 New Business of the Year Oak Boutique

Oak Boutique opened in May 2016 and is a beautiful store that reflects the Kelseyville historic downtown perfectly!

Oak carries women's clothes, items for infants and toddlers, accessories, gifts for the home, art décor and jewelry. Caitlin Andrus and her son KJ greet you at the store making you feel like you're part of their family.

The quality clothing is unique and flatters most figures. I have always enjoyed my little shopping trips into this store.

Oak Boutique is a real treasure and is another example of Lake County youth finding their way back home and working to improve our communities. Caitlin has proved you can make your own way in your home town community!
