

## 2017 Organization of the Year Non-Profit Hilltop Recovery Services

Hilltop has been treating drug and alcohol abuse in Lake County for 11 years. They have been recognized as being an excellent program by the VA and by various counties. They are the only residential and intensive outpatient program in Lake County. They are the only program to survive a major disaster (Valley Fire).

Through all that, Hilltop has continued to operate and serve the needs of Lake County through their new facility in Clearlake Oaks.

Hilltop has averaged \$100,000 per year in full and partial scholarships to Lake County residents.
