

2017 Woman of the Year

Beth Rudiger

Beth is a tireless worker for the community of South Lake County, not only as President of our Middletown Area Merchants Association (MAMA), but also guides the Middletown Luncheon Club and runs Middletown Jazzercise as her daytime job.

She has single handedly organized our board, spear headed the changes to the Middletown directory, turning it into a colorful well formatted body of information. She led the directory committee, spending many hours of contacting people for membership and advertising, then proofing ads and listings, it was a lot of work and when someone couldn't be there she picked up the slack.

Beth has worked with many different organizations as the President of MAMA and provided the leadership, direction, and faithful service.

Beth has put in countless volunteer hours of her time for the benefit of our hard hit area by the Valley Fire. Last year during the aftermath of the fire, she was omnipresent during the recovery effort.

Beth wears many hats (we joke with her about her hats and little red wagon).

It is not what Beth does, it is that she does it without a word of complaint, because it needs to be done, that is just who she is.... A true star!
